Legal Name: Sparkling Hues Gems Private Limited
Constitution: Private Limited Company
Operational Since: 2008
CIN: [Add CIN here]
PAN: [Add PAN here] (Number only; card shared on request)
GSTIN: [Add GSTIN here] (Number only; certificate shared on request)
Registered Office: 206, Near Ashram Chowk, Sidharth Enclave, South Delhi, Delhi – 110014, India
Corporate Office: F-1, Sector-8, Noida, Gautam Buddha Nagar, Uttar Pradesh – 201301, India

CASA DECOR

Casa Decor is register trademark of Sparkling Hues Gems Pvt.Ltd.

Core Business: What We Supply

We specialize in manufacturing and institutional supply of furniture solutions across three primary verticals:

A) Office & Corporate Furniture
Workstations, executive desks, conference tables, reception furniture, storage units, seating, and modular office solutions.

B) School & Institutional Furniture
Classroom desks-benches, teacher tables, lab furniture, library furniture, hostel furniture, and institutional storage.

C) Hospital & Healthcare Furniture
Hospital beds (as applicable by tender), bedside units, patient room furniture, waiting chairs, storage and utility furniture for hospital spaces.

Manufacturing, Infrastructure & Capability

Manufacturing Footprint: Multiple production units and supply partners across India (owned vs partner split to be specified internally)
Machinery & Plant: Well-equipped with modern machinery for consistent output and finish quality
Quality Process: Incoming material checks + in-process inspection + final QC before dispatch
Packaging & Dispatch: Dispatch-ready packaging suited for institutional and bulk movement; structured planning for multi-location delivery
(Any capacity figures / monthly output claims will be disclosed only when supported by internal records and asked in tender/verification.)

Experience & Supply Track Record

We have supplied furniture solutions for a wide range of government and institutional requirements across India, including:
Offices and administrative set-ups
Educational institutions (classrooms, libraries, hostels)
Hospitals and healthcare facilities
Turnkey supply requirements under institutional tenders
Representative Client Segments (subject to supporting documents where required):
Central/State Government Departments, PSUs, Universities, Institutional Buyers.
Examples of institutions served (indicative): Andhra University, Military Engineer Services (MES), ONGC, IOCL, Indian Bank, and other institutional buyers.
(Work orders/completion certificates can be shared on request as per bid requirement.)

Compliance & Verification Readiness (GeM)

We maintain readiness to provide the following upon official request by GeM/buyer/verification team:
Certificate of Incorporation / MCA master data
PAN, GST certificate + active status
MSME/Udyam (if applicable)
ISO/BIS/Test reports (category-dependent, if applicable)
Bank proof (cancelled cheque/statement)
ITR acknowledgements (last 3 assessment years)
Non-blacklisting declaration
Rule 144(xi) declaration (where applicable in bid conditions)
Authorized signatory proof / board authorization (as required)

Why Buyers Choose Us

Cost-effective institutional supply with structured execution
On-time delivery focus with organized dispatch planning
Experience with government/institutional requirements
Customization capability as per tender specs
Professional team & product design support
Export experience and global market exposure

Confidential Document Sharing Policy

(Anti-Data Theft) To prevent misuse and identity/data theft, banking and tax-sensitive documents (cancelled cheque, bank statement, ITR acknowledgements, and certain certificates) are shared only when:
A specific GeM Bid Number / Buyer request is available, and
The request is for official verification / bid eligibility, and
Sharing is done through controlled, documented channels (password-protected PDF / official submission route).

INDEX

Office Workstation

Designed for modern workplaces, our office workstations combine functionality, comfort, and clean aesthetics to support focused work and collaboration. Built with durable materials and smart space planning, these systems are ideal for open offices, corporate environments, and growing teams.

From compact single-user desks to modular multi-person layouts, each workstation is engineered to enhance productivity while maintaining a professional visual appeal.

Key Features

- Ergonomic desk height for comfortable all-day use

- Modular configurations for flexible layouts

- Durable tabletop finishes with scratch resistance

- Integrated storage options for organized workspaces

- Provision for cable management and power access

- Suitable for individual, linear, and cluster seating

Material Infomation

- Table Top (Substrate): PLPB / MDF / BWP / HDMR

- Top Thickness: 18/25/36/45/50

- Edge Banding: PVC / ABS / Veneer / Acrylic / Melamine (2.0 mm)

- Frame Construction: Mild Steel / CRCA

- Metal Thickness / Gauge: 16 (Frame) | 1.0 (Sheet)

- Modesty Panel: CRCA Sheet (1.0-1.2 mm)

- Pre-Treatment: 7-Tank Process

- Finish (Powder Coating): Epoxy / Polyester / Epoxy-Polyester Hybrid

- Coating Thickness: 60-80 microns

- Load Capacity (Static): 120-150 kg

- Levellers / Floor Pads: Yes / No

- Cable Management: Grommet / Raceway /

- Hardware: Rust-free / SS / Standard

Director Office Table

Our Director Office Tables are designed to reflect leadership, authority, and refined taste. Crafted with premium materials and elegant finishes, these tables balance strong visual presence with functional workspace planning.

Featuring spacious worktops, integrated storage, and clean architectural lines, each design supports focused decision-making while enhancing the overall aesthetics of executive offices.

Key Features

- Premium tabletop finishes with superior durability

- Spacious work surface for executive use

- Integrated side units and storage pedestals

- Concealed cable management for a clutter-free desk

- Sturdy construction with high load-bearing capacity

- Available in contemporary and classic design options

Material Infomation

- Table Top (Substrate): PLPB / MDF / BWP / HDMR

- Top Thickness: 18/25/36/45/50

Office Storage

Our Office Storage solutions are designed to keep workspaces organized, efficient, and visually uncluttered. With a focus on smart functionality and contemporary design, these storage units integrate seamlessly into modern office environments.

From compact pedestals to spacious cabinets, each piece is crafted for durability, easy access, and long-term performance, supporting both individual and shared workspaces.

Key Features

- Heavy-duty build (CRCA steel / engineered panels)

- Durable powder-coated finish (anti-rust)

- Scratch & stain resistant surface

- Secure locking for safe storage

- Adjustable shelves for flexible capacity

- High load-bearing shelves (no sag)

- Smooth door/drawer operation

- Ventilation design to reduce moisture

- Space-efficient, ergonomic dimensions

- Easy-clean, low-maintenance finish

Material Infomation

Steel Cabinet

Built for the pace of modern offices, our Steel Office Cabinet combines strength, simplicity, and smart functionality. Crafted from high-grade CRCA steel, it offers a solid, dependable structure that stands up to everyday use in fast-moving work environments.

Key Features

- CRCA steel build for enduring strength

- Rigid welded body for everyday reliability

- Premium powder coating for long-term protection

- Smooth-action doors with secure locking

- Adjustable shelving for flexible organisation

- Low-maintenance, modern finish for refined offices

Material Infomation

- Material: CRCA steel (IS 513)

- Body: 0.8 mm

- Doors: 1.0 mm

- Shelves: Adjustable, 0.8 mm

- Hinges: Heavy-duty steel, 1.8 mm

- Finish: Epoxy / polyester powder coating, 60–80 microns

Steel Almirah

Precision-built from high-grade CRCA steel, this almirah delivers lasting strength with a clean, modern finish. Designed for secure, organised storage, it brings durability and quiet sophistication to contemporary workspaces.

Key Features

- CRCA steel construction (IS 513) for structural strength and precision

- 0.8 mm heavy-gauge body built for long-term daily use

- 1.0 mm reinforced doors for improved rigidity and alignment

- Adjustable 0.8 mm steel shelves with reliable load capacity

- Heavy-duty 1.8 mm hinges for smooth, long-life operation

- Secure locking provision for controlled access

- Welded frame construction for enhanced stability

- Epoxy / polyester powder coating for corrosion resistance

- 60–80 micron finish thickness for durability and clean appearance

Material Infomation

- Office Steel Almirah – Heavy-Duty Material Specifications

- Material: CRCA steel sheet conforming to IS 513

- Body: 1.0 mm CRCA steel for enhanced structural strength

- Door: 1.2 mm CRCA steel for superior rigidity

- Hinges: Heavy-duty steel hinges, 2.0 mm thickness

- Shelves: Reinforced adjustable steel shelves, 1.0 mm thickness

- Finish: Epoxy / polyester powder coating, 70–90 microns

Steel Locker

Crafted from high-grade CRCA steel, this locker offers reliable strength, secure storage, and a refined powder-coated finish. Designed for high-use environments, it keeps personal belongings organised while maintaining a clean, professional look across modern workspaces.

Key Features

- CRCA steel construction (IS 513) for superior strength

- Rigid welded body for long-term durability

- Reinforced locker doors for secure daily use

- Individual locking provision for personal storage

- Smooth-operating hinges for consistent performance

- Ventilation slots for air circulation

- Scratch & corrosion-resistant finish

- Low-maintenance design for high-traffic areas

Material Infomation

- Material: CRCA steel (IS 513)

- Body: 0.8 mm

- Doors: 0.9–1.0 mm

- Shelves (where applicable): 0.8 mm

- Hinges: Heavy-duty steel, 1.6–1.8 mm

- Finish: Epoxy / polyester powder coating, 60–80 microns

Steel Locker

Mobile Compactor System

A high-density storage solution designed to maximize space by eliminating fixed aisles and creating access only when required. Engineered for smooth movement, structural strength, and long-term reliability, ideal for offices, archives, libraries, and institutional use.

Key Features

- High-Density Storage – Maximum capacity, minimum floor space

- Heavy-Duty Steel Build – Rigid MS structure, long life

- Smooth Rail Movement – Stable, jerk-free bay shifting

- Manual / Mechanical / Motorized – Flexible operation options

- High Load Shelves – No sagging under heavy files

- Anti-Tilt Safety System – Controlled, balanced movement

- Powder-Coated Finish – Rust & scratch resistant

- Modular & Expandable – Easy future bay extension

Material Infomation

- Steel: CRCA as per IS 513:2016 (or latest)

- Structure: Body 1.0 mm; uprights/bay frames 1.6 mm

- Shelves: 1.0 mm CRCA, reinforced for high UDL

- Base & Drive: Reinforced MS/CRCA trolley with heavy rails, high-load wheels & hardened drive parts

- Finish: 7-tank treatment + HD epoxy/polyester coating 80–100 microns

Bedroom

Designed for comfort, functionality, and durability, our bedroom furniture offers a perfect balance of aesthetics and everyday performance. Engineered for residential, hospitality, and institutional use, it ensures long service life with a clean, modern finish.

Key Features

- Strong and stable construction for daily use

- Clean, minimal design suitable for modern bedrooms

- Smooth, durable surface finish

- Easy maintenance and long-lasting performance

- Designed for residential & hospitality applications

Material Infomation

- Board Material: HDMR / BWP-grade engineered wood

- Board Thickness: 25 mm load-bearing members

- Frame Structure: Extra-reinforced side rails & cross members

- Base Support: Full solid platform / heavy slatted base

- Edge Banding: 2 mm PVC, impact- & moisture-resistant

- Hardware: Heavy-duty MS fittings, zinc-plated

- Joint System: Industrial knock-down connectors (anti-loosening)

- Surface Finish: High-abrasion laminated / PU finish

- Load Capacity: Designed for high UDL & continuous use

Bedside Table

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

Key Features

- Space-smart bedside storage for daily essentials

- Sturdy, wobble-free build for long-lasting use

- Smooth-glide drawer/shutter for quick, effortless access

- Scratch-, stain- & moisture-resistant surface for easy maintenance

- Premium finish with clean edges for a refined bedroom look

- Durable hardware and strong top support for lamp & décor

Material Infomation

- Board Material: PLPB / MDF / HDMR (BIS compliant)

- Carcass Thickness: 18 mm structural panels

- Top Panel: 18–25 mm heavy-duty top

- Drawer Box: 12–18 mm panels

- Back Panel: 6–9 mm MDF / HDF

- Edge Banding: 2 mm PVC / ABS, heat-bonded

- Drawer Channel: Heavy-duty smooth-slide system

- Hardware: Zinc-plated MS fasteners & connectors

- Surface Finish: Pre-laminated / PU / melamine

Center Table

A compact living-room table designed for daily use—perfect for serving, décor styling, and keeping essentials within reach. Clean proportions, stable base, and a premium top finish for a refined look.

Key Features

- Sturdy, wobble-free structure for daily use

- Scratch- & stain-resistant top for easy cleaning

- Rounded/finished edges for safer living-room use

- Strong top load support for trays, décor & serving

- Balanced proportions—fits most sofa layouts

- Premium finish with durable hardware & joints

Material Infomation

- Top: 25 mm HDMR / MDF / PLPB (as per variant) with laminate / veneer finish

- Shelf (if any): 18 mm board with matching finish

- Edge banding: 2 mm PVC edge (clean & impact-safe)

- Frame/Legs (if metal): powder-coated MS (rust-resistant)

- Hardware: heavy-duty connectors/fasteners; anti-slip bottom pads

Chairs

This ergonomic chair is built for long sitting hours, keeping your posture naturally aligned and comfortable throughout the day. Its spine-following backrest with adjustable lumbar support helps reduce lower-back pressure, while the synchro-tilt recline allows smooth posture changes without losing proper back contact. Adjustable seat height and seat depth improve knee, hip, and thigh support, reducing seat-edge pressure for a better fit across different body types. 3D/4D adjustable armrests keep shoulders relaxed and wrists in a neutral position, and the breathable back design improves airflow for all-day comfort. Finished with high-resilience cushioning, a heavy-duty base, reliable gas lift, and smooth castors, it delivers stable performance and easy movement—ideal for offices and home workstations where comfort, productivity, and durability matter.

Director Chair

Key Features

- Ergonomic high-back support for long sittings

- Height adjustability and controlled recline/tilt

- 360° swivel with stable, heavy-duty base

- Smooth-rolling castors for easy movement on office floors

- Durable joints, mechanism, and arm supports for years of use

- Clean, executive styling suitable for offices and meeting rooms

Material Infomation

- Seat & Back Shell: Injection-moulded PP / high-strength plywood (as per model)

- Cushioning: High-density moulded PU foam (seat & back)

- Upholstery: Premium fabric / leatherette / mesh (option) with double stitching

- Mechanism: MS tilt mechanism with lock; hardened steel components

- Gas Lift: Class-3/4 gas spring (height adjustable)

- Armrests (if any): PP/nylon arms with PU soft-pad (option)

- Castors: 50 mm twin-wheel nylon / PU castors (floor-friendly option)

- Hardware: High-tensile, zinc-plated fasteners; rust-resistant fittings

Cafeteria furniture

Our cafeteria chairs and tables are thoughtfully designed to create comfortable, functional, and visually cohesive dining spaces. Built for everyday use in high-traffic environments, this furniture range combines ergonomic comfort with strong, durable construction. The clean, modern design blends easily with various interior styles while ensuring long-term performance and easy maintenance.

Chair

Key Features

- Ergonomic seating for everyday comfort

- Strong, stable frame for commercial use

- Easy-to-clean surface

- Stackable / non-stackable options available

- Suitable for cafeterias, cafés, and dining zones

CDSH_CFCH_001

Material Infomation

- Moulded PU foam cushioning

- Premium fabric/leatherette/mesh upholstery

- Heavy-duty tilt mechanism (MS)

- Gas-lift cylinder

- 5-star nylon/chrome MS base

- PU/nylon castors and PP/PU armrests (optional)

Chair

Applicable IS / BIS Standard:

School and hostel furniture

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.
